Read more "Reviewed" by Phillip Gonsler, Assistant Professor of Teaching, University of Kansas, Missouri on 8/2/18. I thought the text covered many areas of entrepreneurship that are important, however, it seems that a deeper explanation about many peaks could have improved a lecture or discussion in the classroom. I recognize that even if entrepreneurship is... Read more "Reviewed" by Dr Julie Thomson, Lecturer in Innovation, Operations Management, Glasgow Caledonian University on 2/1/18 As a lecturer in Innovation Management, I was looking forward to reading this text. A toolkit can be an easy reference guide for diving in and out and this text has not disappointed in this way. It covers a wide range of technologies in the area of innovation and...
